

**The new A3 and A3 Cabriolet  
Black Edition**

**The new Audi A3 and A3 Cabriolet Black Editions were always going to stand out, building on the already exceptional S line specification.**

It's not just thanks to their distinctive black styling package and 18-inch titanium alloy wheels, but also because they feature some remarkable equipment as standard – including BOSE® premium sound system and Xenon plus headlights with LED running lights.

Whether you opt for the A3, A3 Sportback or A3 Cabriolet, there's also a comprehensive range of options available to help you personalise your A3 further. In fact, your Black Edition doesn't even need to be black: you can choose from a selection of colours to complement the stunning black styling features.
